DIDN'T THEY DO WELL

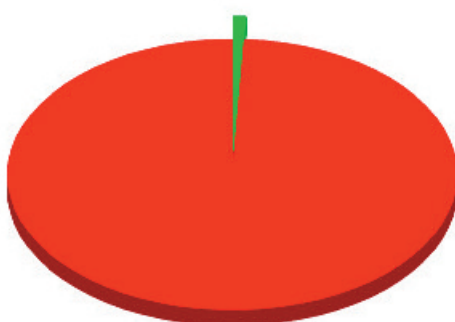

The **KINGS** picked up Cavalry Park's first piece of silverware at the Storm Shield 6-a-side tournament. The boys went undefeated in the group stages with a narrow win in the semi finals only to miss out at the final hurdle to a very good Fernieside team. Each of the players will get a week to covet the trophy, so get ready to make some room on the mantelpiece.

The **COLTS** also played some fantastic football at Dalkeith Futsal with a steady improvement in their passing and teamwork (and results) over the six weeks. It was such a pity that there weren't any spectator facilities for the parents to watch the games. i'm sure one or two dads managed to crick their necks trying to get a restricted view thru the swing doors of the gym hall. Well done to all the lads.

CLUB WEBSHOP

Stuart Betts (our resident master of the black art that is the internet) has added a webshop at the CavalryPark2002 website. This means the club get a small commision everytime you purchase something from there. There are loads of shops and services in there so hopefully you'll find something to tempt you. This should be up and running very soon and we'll be handing out easy to use instructions to everybody. This should help us finance more kit and equipment for the boys in the future. You'll find a link at the top right of the website.

TYPES OF FOOTBALL INJURIES

- Require medical attention
- Require acting classes
